Dear Friends of Wilson,

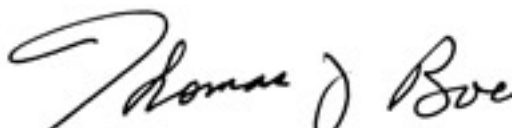

You are an important part of the history of Wilson Memorial Hospital. Strong commitment from the people of Shelby County is what created the original hospital in 1930, and commitment by so many people since then has helped develop the hospital into the successful organization that it is today.

It is essential to us all of us to have local access to a full range of health care services when we need them. It is through your support that we are able to continue offering important medical services locally.

The sole purpose of the Foundation is to provide financial assistance to Wilson Memorial Hospital. This financial assistance goes a long way toward ensuring the Hospital continues to achieve its mission. All funds received by the Foundation are used only to benefit Wilson Memorial Hospital and its patients.

By contributing to the Wilson Memorial Hospital Foundation you are supporting the Hospital. Through your continued generosity, we will leave a legacy for our children so that they, too, will benefit from the continued availability of local health care services.

In deep appreciation,

Thomas J. Boecker
President & CEO
