

Planned Giving Committee

The purpose of the Planned Giving Committee is to assist the Foundation in building its endowment and increasing current support through the wide variety of giving methods and options available. These vehicles will enable donors to fulfill their charitable interests while meeting their financial plan and estate planning needs.

This Committee is responsible for overseeing the planned giving program, making sure that both donors and Wilson Memorial Hospital are well served. In addition, the Planned Giving Committee is also responsible for overseeing the cultivation and solicitation of current and future gifts that require the use of estate planning techniques or that have significant financial and tax consequences.
